## THE CITY IN BRIEF.

## NEWS AND BUSINESS.

## Four Attorneys Admitted.

John H. Yorks and Frank Hovey of this city were admitted yesterday to practice in the United States Circuit Court; H. A. Uley of San Diego was admitted to the District Court and Herman Schmidt of this city to both the District and Circuit courts.

## Meet His Wife.

Mrs. Stella Hathaway, who lives at 814th street and Broadway, got into a row with her husband yesterday evening and he struck her in the face, producing two black eyes. At the Receiving Hospital a long cut over her right eye was sewed up and a swelling over the other was reduced.

## Eskand's Cafe.

Charles A. Zinkand, the San Francisco restaurateur who is to occupy the lower floor of the new Chamber of Commerce building with a cafe, arrived in the city yesterday with his architect, H. Kohlberg. He is here to make final arrangements with the committee of the Chamber of Commerce which has the plans of the new building in hand.

## Horse Gangster's Trial.

James Crosthwaite, charged with smuggling horses into San Diego county from Lower California, was up for trial in the United States District Court yesterday. As one of the witnesses in the case is absent in the case, the trial was continued over until September 4.

## Crosthwaite was arrested about a year ago, and was released on bond.

## Flooded Death in Test City.

An Annapolis Press dispatch from San Diego early in the morning stated that a lady who arrived at the Coronado Tent City Monday and registered as Mrs. E. D. Lavick of Los Angeles, died suddenly of heart failure at 11 o'clock last evening. She was a wife thirty years of age. She was alone, and nothing is known about her in San Diego. The name does not appear in the Los Angeles City Directory.

## Woman Missionary Hurt.

Miss Agnes Daly, a well-known missionary worker in the city, living at 1015 West Washington street, was thrown from the step of an east-bound Washington street car, which started two o'clock, at Second and San Pedro streets last night, and alighted on her face. She received a bad bruise over her right eye and her right side was strained. She was treated for her injuries at the Receiving Hospital.

## Burglar Up a Diamond.

Two attempted burglaries, evidently the work of the same person, were reported to the police yesterday. Someone entered the last and swiped goods of J. H. Masters at No. 126 South Main street Monday night by cutting a window pane in the rear with a diamond. Nothing was secured. On the same night a burglar went into the Pioneer Steam Carpet Cleaning Works at No. 614 South Broadway by cutting a window glass but in this case, also, nothing was taken.

## Collar Bone and Toe.

J. E. Roberts, who rooms at the New Central Inn on South Central avenue, was hit down the back of his head and his right collar bone was broken. The fracture was reduced at the Receiving Hospital. G. W. Hoffman, who lives on Forty-seventh street, near Central avenue, was run over by a wagon at Simpson's brickyard yesterday afternoon, where he was working, and the little toe of his right foot was broken. He was mended at the Receiving Hospital.

## Embezzler's Game Is Up.

Arthur B. Chamberlain, the young man who, as A. B. Custer, ran a big hit at the Alamo and who was arrested two weeks ago for the embezzlement of \$1000 from a machinery-making firm of Pittsburgh, for which he was the Cleveland, O. agent, will be taken East tomorrow by Captain of Detectives Fred Kahles of Cleveland, who arrived with regulations papers on Monday. Chamberlain, who is 27 years of age, has cut a wide swathe both here and in the East, and is said to have a wife in Cleveland.

## Two Burglars Captured.

A clever capture of two burglars was made yesterday by Detectives Plummer and Hitch on a description furnished by Constable Gano of Paso Robles, where the burglary occurred. On Sunday word was received by the local department from Constable Gano that a Paso Robles jewelry shop had been broken into the night before and two suits of clothes taken. Description of the suits and samples of the cloth were sent with these the detectives yesterday located Harry Leary and John Orr, two hobos, on North Main street; Leary wearing one of the suits and Orr with the other in his baggage. The men confessed to the theft.

## Pedestrian's Close Call.

Two pedestrians had a narrow escape from death or serious injury on Third street at 4 o'clock yesterday afternoon. In the work of adding stories to the Leathersmith building, the workmen were hoisting long steel beams to the roof by means of chain and tackle. The clamps on the freight were held together by means of a rotten little rope, and when one of the big metal beams was suspended fully fifty feet in the air the rope parted. The big weight came down with a crash that startled the whole neighborhood. The man and woman were directly beneath it, but the wooden scaffolding proved a protection over the sidewalk built sufficiently strong to hold the weight, although one board was shattered and the end of the steel beam projected over the street.

## BREVITIES.

Valuable collection of pictures. Secure the story of the greatest disaster of modern times by sending 10 cent to The Times for the first part of "Martindale, Vincent and Daniel West Indies" and other parts, to follow.

Mrs. Louise Schmidt Eddy has returned from her vacation and will be glad to receive her old and new patrons. She is located at the Bennett Teller Parlors, corner Fifth and Spring.

Dental department of California Medical Aid Society, 115 North Spring street, makes the best and most reasonable plates for the least money. Crown and bridge work a specialty.

Miss Browne and Miss Mills of Gunter, India, will speak at First English Lutheran Church, Eighth and Flower, this evening at 7:45. Free. All invited.

Five camera photos reduced to 10, \$1.25 per dozen. Sunbeam, 228 S. Main.

There are undelivered telegrams at the Postal Telegraph Cable Co.'s office, 225 South Spring, for Mrs. J. D. Stalker, James A. Hurdan and Mrs. Herman Miller.

There are undelivered telegrams at the Western Union telegraph office for Gladys Allen, Edie Peck, Mrs. A. Y. Alexander, Webster & Rose, Miss J. C. Haywood, Arthur Winslow, A. Ray Carpenter, J. B. Buford, J. E. Cunningham, T. Brooks, Mrs. H. H. Hobbie, John D. Negley, A. H. McKay, Miss Mae Hopper, Mrs. Edith Seymour, Mrs. F. H. French.

## You Don't Often Buy

One-dollar wrappers at 50c, but you can do so at the "Model" annual clearance sale this week. Bold-trimmed, colored, and all new styles. "Model" Clock and Suit House, 217 South Spring street.

# SCHOLARSHIP SCORE NOT YET COMPLETE.

Count Proceeding as Rapidly as Possible—Prize Winners Will Celebrate Victory Next Friday.

The avalanche of scholarship votes that overtook the Times office on Monday, buried the scholarship manager so deep that he has been unable to get himself out. He is beginning to see daylight, however, and hopes to be able to announce the final score on Thursday morning.

It was simply impossible to complete the count yesterday, or to form even an approximate estimate of the score. It is patent, however, that the winner of first choice of scholarship and the \$100 cash prize, will have a total of about 100,000 points.

The count had not progressed far enough at the hour of going to press this morning, to tell whether William Beckingmole, the "orange blossom girl" of Ontario, or Rae Price, the "pride of the pastels," had won first honors. It seems probable, however, that one of these young ladies will be first and the other second. Beasley Smith will probably be third and Florence Darch fourth. Frank Cummings, Robert Edwards and Gertrude Smith all have numerous scores and are in the running for the \$50 prize in 5th place, if not higher. Gladys Edwards, Miss Anderson and Mary O'Brien will all be found to have finished near the 100,000 mark, but it will require the official count to tell which of them will come in for a share of the cash prize. Philip English, Lala Greenwald, Charles Clapp, Robert Darch, David W. Leander, school children, Leo Buckley and half a dozen others, made enormous gains on the last day of the contest. The order in which they finished has not yet been determined.

## IS HE THE SLAYER OF C. R. UNDERWOOD?

MEXICAN WHO LOOKS LIKE THE MURDERER, IN JAIL.

Threw a Fruit-stained Knife and His Hat Away. But Evidence is Not Considered Strong—No Developments in Bloody Stabbing Case.

For two hours after the stabbing of Charles R. Underwood, the Southern Pacific brakeman, near the corner of Los Angeles and Aliso streets, early Sunday morning, officers were kept busy picking up Mexicans in that vicinity, hoping to capture the one who committed the murder.

Among these, and the one on whom suspicion most strongly centered, was R. Hernandez, a peon, who answers the description of the murderer given by Brakeman W. B. Higgins.

Suspicion against Hernandez was confirmed when, on being put in the patrol wagon, he threw a pocket knife into the bottom of the wagon and his hat in the driveway at the Police Station.

### MISS BLANCH ST. ELMORE.

DETROIT, MICH.

Supreme Organizer Ladies of Honor.

1935 Vineyard Avenue, Detroit, Mich., Feb. 13, 1902.

For seven years I did not know what it was to be well. At that time I slipped and fell, straining myself severely. I paid little attention to it at first, but soon I found that I had habitual backache and a peculiar sick feeling at my stomach. The right side of my bowels ached and if I was on my feet a couple of hours at a time I would give out completely. I began coughing and thought I was getting consumption but the doctor told me this was on account of my weak condition, that I was in really troubled with falling of the womb. My menstruation was very irregular. Sometimes it would stop for two or three months and again I feared so much there was danger I would flow to death. I now became convinced that the doctor could not help me and as I saw an advertisement of your Wine of Cardui I decided to try it. It brought me quick relief, the pains stopped, my appetite improved, gradually my pains stopped and I felt how my entire system was being renewed. I have now been a well and happy woman for over a year, thanks to Wine of Cardui.

Blanch St. Elmore.

[T] is little wonder Miss St. Elmore was discouraged in the search for health. There is hardly a physician who would hesitate to call such a case chronic and incurable. But Wine of Cardui has cured thousands of such cases. To cure chronic cases of seven years' standing the treatment must be thorough. Wine of Cardui, to regulate the menstrual flow, begins at the fundamental principle—that of allowing the poisonous waste to be discharged naturally and healthfully. This removes all irritation and inflammation. Wine of Cardui brings relief to a mild case of Nature in removing the cause of sickness. The proper flow of the menses relieves the blood of impurities and allows pure blood to build up and strengthen the affected organs and ligaments. Her physician's treatment failed to accomplish anything but temporary relief, while after taking Wine of Cardui Miss St. Elmore has had a year of health and happiness—the cure was quick and permanent. This great remedy, Wine of Cardui, is for you as well as for her. It is for you to decide whether you will take it. Could you follow better advice than this clean, simple letter, written by this lady of prominence—this leader among women interested in the welfare of her sex? Many women envy her position in the Eastern world, and she would not fall to want her health. You may have it by taking Wine of Cardui as she did. Ask your druggist for a dollar bottle of Wine of Cardui and accept nothing else.

What a Chemist says of Uricisol A cure for Rheumatism

Warrington, N. J., Oct. 15, 1901.

Messrs. C. Lutz & Co., Los Angeles, Cal.

CONGRATULATIONS—Having had the opportunity of testing your preparation for the treatment of the Uric Acid Diathesis, very appropriately called "Uricisol," it is a pleasure to be able to say that it has made itself deserving of much esteem and confidence.

The opportunity was one of which the manufacturers had neither knowledge or intention. The incident of rheumatism was brought about by a happy chance. Edward U. S. Holmes was in China at the outbreak of the Boxer outbreak, and the first Peking letter drove him from the Celestial Kingdom. Suffering terrible exposure before he sailed, and still worse exposure while a passenger on a freight steamer, he reached this country invalided with rheumatism. At a place called Turner, not far from Boston, he found friends. The rheumatism, however, and arthritic condition, notwithstanding of him in the most aggravated form. It was then that his friends advised Uricisol from Warrington, N. J., and he took it. He was cured in a few days. As given on August 6th, on his coming to New York, was in few words "it cured me promptly." The case was one of much interest, although full particulars were not brought, and led to the laboratory, where the sample being obtained through a Salem druggist from the Portland druggist, the person ordering it having the impression that Warrington, N. J., manufactured it.

I have no hesitations to write, Mr. Holmes' case is a most instructive study to state the effectiveness of Uricisol. The incident of rheumatism and somewhat limited clinical research present several striking points of interest. To these I desire to call particular attention, in proof of the effectiveness of the action and confidence in which reference has been made.

It neutralizes the uric acid and without overstimulating the kidneys produces diuretic effects.

It does not disturb the digestive process.

It controls the action of the heart without depressing it, and without causing any exhaustion. In reducing the pulse it does not cause any marked or other disagreeable action.

It acts in accordance with nature's own laws in controlling the action of voluntary motion.

It does not impair the quality of the blood. In other words, it does not impair the constructive energy of the system.

It has an action on the liver which is very simply diuretic.

It seems to produce a mild physiological stimulation of the muscular glands.

These several facts concerning physiological action go to establish its value as a uric acid solvent.

WILLIAM H. MASON, M. D., F. R. S., etc., Consulting Chemist.

If you are suffering with rheumatism we wish you would try our Uricisol. We are sure that Uricisol will help you and cure your trouble without any effort on your part. You may have had it before, but if you have not, you will find it a most valuable remedy.

Uricisol was not put on the market simply to sell, but to cure your rheumatism, and we know it will cure rheumatism because it has been curing it for 25 years. Physicians in and about Los Angeles prescribe Uricisol in cases of rheumatism and if it were not for the wishes of the patients could be glad to recommend it in writing.

Uricisol removes rheumatism because it dissolves the uric acid in the system and eliminates it, and it is the uric acid which is the cause of rheumatism. Uricisol cures long standing cases of rheumatism, breaks up the system an appetite and acts as a tonic besides a uric acid solvent. It does not harm any part of the body and can be taken indefinitely without any injury whatever.

Uricisol will be sent to any address in the U. S. upon receipt of price \$1.00, if your druggist does not supply you.

## DEATH THE PORTION OF INJURED VETERAN.

SOLDIER'S HOME INMATE KILLED IN SAN BERNARDINO.

Found Clipped by Train and Almost Starved, With Money in His Pockets, J. W. Baker Succumbed—Programme for Admission Day.

SAN BERNARDINO, Sept. 2.—J. W. Baker, the old man who was struck by a train last Monday in the Santa Fe yards, died last evening at the County Hospital. He never recovered consciousness sufficiently to explain the accident. When picked up in the yards he was apparently in a starving condition, although nearly 80 was found on his person. The deceased was a veteran of the Civil War and had been an inmate of the Soldiers' Home at Santa Monica. It is thought that after receiving his pension money he had returned from the institution on a trip and that he arrived here only a short time before the accident occurred. He was about 75 years of age, and is believed to have a sister living in Kentucky. The coroner held an inquest today.

**COUNTY REGISTRATION.**  
County Clerk Pfeiffer has a long list of deputies scattered throughout the county, who are empowered to register voters, so that a trip to the county seat for that purpose is not recommended. Registration closes September 15. Mr. Pfeiffer declares that more voters are now on the roll than ever before over three weeks before the date of registration. Two years ago 720 voters were registered in the county. The total this year will probably approximate 7500. There will be a falling off in the Santa Fe shop and railroad vote for the men held off last winter, who will not have been in the State a year at election time.

**RATHBONE VISITORS.**  
Mrs. D. Phillips Glaser of Fort Madison, Iowa, paid a surprise visit to the Rathbone Sisters, accompanied by Mrs. C. B. Stubbins, Past Grand Chief of the State, and other prominent members of the order from Riverside, arrived in the city last evening after a drive over the heights from Riverside to Redlands. The visitors were met at the Stewart Hotel by members of Charity Temple, and an informal reception followed. Later the party adjourned to the New York Kitchen, where refreshments were served, after which Mrs. Glaser and her companion, Mrs. Bessie E. Stubbins, Past Grand Chief and Supreme Representative from the State of Michigan, were escorted to the Santa Fe station, where they boarded the overland for the East.

**ADMISSION DAY.**  
The official programme has been completed for the Admission Day celebration to be held here next Tuesday under the auspices of the Arrowhead Chapter of the Native Sons of the Golden West. The formal opening of the entertainment will take place at 1 o'clock in the afternoon at the Arrowhead Chapter of the Native Sons of the Golden West. ## MARINE KIRK FETTERED AND REARRESTED.

**PASADENA GIRL CHARGED WITH RESISTING OFFICER.**

Nothing to Show That She Had Active Part in the Conger Forgery—School Board and City Council Transact Business.

PASADENA, Sept. 2.—The Times, No. 10 South Raymond avenue, Sept. 2.—Marie Kirk, the comely young woman who was arrested last week charged with complicity in the forgery of a check by Harry Conger, was given a hearing yesterday before Judge Klamroth. After an examination, which lasted all day, the charge was dismissed, there being no evidence to show that the girl had any active part in the forgery. She was, however, rearrested on a charge of resisting an officer, and remained in jail in default of \$500 bail. Her examination on the latter charge was held yesterday at 10 o'clock. Meanwhile, Harry Conger, who attempted to put the worthless paper on J. C. West of the Independent, was taken into custody by the police having been located by the district attorney's men.

## METROPOLITAN AIRS AFFECTED IN AVALON.

**FIRST BURGLARY IN HISTORY OF TOWN YESTERDAY.**

Liquor Store Safe and Slot Machines Looted and Over Two Hundred Dollars Stolen—Days of Lock and Key Seen at Hand.

AVALON, Sept. 2.—Avalon is becoming metropolitan. Things sensational are happening, and such sensations as Avalon has had the happy reputation of not producing. She has had a genuine burglary, the first in her history. The liquor store of Dan B. Jarvis, Crescent and Marilla avenues, was entered between 12:30 and 1:30 o'clock this morning and over \$200 taken, \$14.75 of which belonged to Jarvis. A James Moore of Virginia, who had left it there for safekeeping, while the remainder was taken from the slot machines, which were broken open from the back and rifled. The party who did the job was no "cheap guy," for there are five slot machines, three nickel and two "two-bit," and only the latter two were molested. The thief was not well pointed on slot machines, for he left fully as many quarters in the tube down which they are conveyed as he took from the receptacle into which they ran. By touching a spring he could have released the whole lot, which the two amounted to between \$40 and \$50.

William Watkins is the manager of the place, and he states that at midnight he closed up the shutters, locked the safe and retired. When the porter arrived this morning at 5:30 o'clock he found the safe unlocked, although closed, and unopened, and the slot machines broken open.

The thief was considerable enough to leave checks and I.O.U.'s to the amount of \$100. The manager found a gold chain, or "limmy," constructed from a large file, and a screwdriver, which had been used in forcing an entrance, and in breaking into the slot machines. There is a legend here that the thief was equally safe on the island, whether he hid locks, or left in the open. Only a bid is made at closing or locking the store, most of which are secured at night with wire screen doors, fully fitted. Some do not fit at all. Great care is being presented through which a person might easily crawl. The tents and summer cottages afford no sort of protection against thieves, yet burglaries are almost entirely unknown on the island. Out of the thousands and thousands of persons who visit this resort during the season, one never hears of a loss through theft, and a detective would die of ennui while waiting for a case requiring his services.

The place burglarized has a cigar stand in front, and is inclosed with wire screen. The safe stands under the counter of this cigar stand, and while the safe is out of sight, any one tampering with it would be plain as day. The screen was forced loose without much exertion, and the entrance effected. A way was then opened through the wire for an exit. There must have been two persons concerned in the job, as one would not have dared to manhandle the safe without a watcher on the outside.

The cold chisel and screw driver have been identified by Capt. Willey, a market fisherman, as his. He says his tool box was broken open Sunday night and the tools taken.

There was much interest centered on a mysterious little slip in connection with the robbery, which dropped into the bay last evening, and was discovered on the horizon line this morning making northward, and there were stories of two or three brigand-looking men, boated and bearded, who were seen aboard her, and it wasn't a great stretch of imagination to give the crime to these men. It was found, however, that these "freelancers" were San Pedro fishermen, who had been scouting about the island because of a scarcity of fish nearer home.

R. H. Marriott, chief engineer of the wireless telegraph, who has been in Los Angeles receiving treatment for his eyes, has installed a receiving apparatus of the wireless system on the steamer Harmonia. The wire was strung up this morning, and with a little necessary adjusting, it will be possible to receive and send messages from the steamer at any time. Mr. Marriott is now at Avalon.

The wireless telegraph was hampered yesterday because of the breaking down of the wire of the Western Union line between White's Point and San Pedro. They were obliged, in consequence, to carry the messages into San Pedro, three miles, and considerable delay in the service was occasioned. This is the second break in the wire telegraph, but the wireless seems to be all right.

A party arrived at the Grand View Station yesterday to remain a fortnight. They were John Scott, Miss M. Scott, Miss D. Scott, Miss C. Scott, and Mrs. G. Scott, and their children. They were accompanied by Mr. and Mrs. G. Scott, and their children.

W. M. Friebe gave a luncheon at Hotel Metropole today to Gen. and Mrs. A. L. New. There were present W. M. Friebe, Gen. and Mrs. L. New, Mrs. E. Day, Miss Edith Field, Miss Grace Mathes and S. J. Mathes.

Gen. and Mrs. A. L. New of the wireless telegraph have today for their luncheon in Denver. Gen. New, after attending to important business will return to this coast to further extend the system.

Tennant Gray of the Pacific Real Estate Company, Los Angeles, came over yesterday for a week in camp with his family. Mr. Gray is accompanied by his wife and children.

**FINE OPAL FOUND.**

Whittier, Sept. 1.—The Puente hills, on which is located the productive oil fields, give promise of attracting more attention. A citizen of the Puente hills, who has been mining in the Southwest, has been making examination of the section of hills lying near Whittier, and he says they are rich with minerals. The other day he found a valuable opal in his Alto-avenue place. The stone is nearly three-quarters of an inch in its largest diameter, and almost pear shaped.

A number of Whittier people are at Long Beach attending the Grand Army encampment. Among them are Maj. Thomas McK. Brady and Mrs. Brady, who are officers of the Grand Army and Woman's auxiliary, respectively.

C. W. Leffingwell, Jr., who has one of the largest lemon ranches in this county is building an extensive warehouse to enable him to more easily handle his output of fruit. Mr. Leffingwell has a small village established on his ranch, as he markets his fruit himself, and also has one of the finest herds of Jersey cattle in the county. A party of Riverside fruit men visited the ranch last week, inspecting the lemon groves, and Mr. Leffingwell was very hospitable to them.

Thirty young people enjoyed a happy pull at the home of Mr. and Mrs. E. W. Leffingwell, who are planning a reunion of the Riverside League camping crowd, which recently returned from the San Gabriel Cañon.

Miss Helen Shelby, who is to be a member of the faculty at Whittier college, has just arrived. Miss Shelby is a young woman of excellent character, and is well known to the Riverside community.

For the purpose of the Riverside League, the Riverside Country Club has been organized. The club is composed of the best private conservatories of rare plants in this section. The club is composed of the best private conservatories of rare plants in this section.

Her Name Goes on Silver Cup Third Time, Making Her Champion of Redondo Country Club—Men's Ping-Pong Prize Awarded.

REDONDO, Sept. 2.—A most interesting day in the history of golf was yesterday, as the windup of the tournament which has for a few days occupied the attention of the golfers of the Redondo Country Club and the Los Angeles Country Club. Mrs. F. H. Seymour, who played off the finals with the well-known champion, Mrs. Jean Bowers, and who defeated the latter named by a very close score, 18 to 17, was the victor.

The victors of the men's ping-pong tournament were also awarded their prizes. J. D. Holmes of Pasadena, Mr. Seymour of Santa Monica, and W. G. Nevin in a very close contest, both proving themselves exceptionally fine players.

Among the guests at Hotel Redondo for the tournament was Mrs. W. G. Kerckhoff, who is a well-known social leader. She was accompanied by her husband and children.

Mr. and Mrs. W. G. Kerckhoff were accompanied by their children. They were very much interested in the tournament, and were very much interested in the tournament.

**FINISHED WHITE DEAD AT HIS POMONA HOME.**

Came Around the Horn Fifty-three Years Ago and Was First Extensive Deciduous-fruit Grover—His Love for Flowers.

POMONA, Sept. 2.—After an illness of two weeks' duration Caleb Edwin White, a California pioneer, and one of the oldest and best-known residents of Pomona, passed peacefully away at his home in the Pomona Vineyard tract tonight at 3:30 o'clock. The cause of death was dropsy. For the past two days he had been rapidly failing, and the end was not unexpected.

Mr. White came to California in 1849, around Cape Horn, and was engaged by himself and a party of friends, from Massachusetts. He was an expert horticulturist, and the first man to engage extensively in the propagation of deciduous fruits on the American River, importing his nursery stock from New England in the early fifties. Later he was engaged in stock raising, and in 1871 came with large droves of sheep to Southern California, obtaining 300 acres of land in the vicinity of Pomona.

Before Pomona became a town, White settled here, and was prominently identified with the development of the valley, being the owner of valuable orange acreage and other property. White avenue was named after him, and he is well known as a horticulturist in Los Angeles and San Bernardino counties. His great love for flowers led him to maintain one of the best private conservatories of rare plants in this section. The deceased was a member of the Society of California Pioneers, and of Pomona Lodge, F. and A. M.

He leaves behind him a son, Harry White, and two daughters, Mrs. Charles L. Northcraft and Mrs. F. del Valle, all of whom were at his bedside when the deceased occurred.

ODD FELLOWS PROSPER. The stockholders of the Odd Fellows Hall Association held their annual meeting last night. Reports submitted showed a very satisfactory condition. The directors selected are: T. Currier, president; J. B. Garfield, vice-president; J. B. Garfield, secretary and manager, and J. A. Steff, treasurer.

POMONA BREVIETTES. J. R. Downs, who has been commercial agent for the Southern Pacific Company, for the Pomona district for a year, will leave tomorrow for Redlands, where he will become agent for the Southern Pacific. C. H. Eaton, who resigns his position after long service, Mr. Downs will be succeeded by G. L. Davis, who comes from recent employment with the Santa Fe.

Tyler Bros., the local orchardists, have invented a new method of folding hip pocket, tree-pruning saw that is finding a ready market on account of its many practical advantages over the common tree-pruning saw.

Miss Maud Andrews and Herbert Heston will be married at the home of the bride's parents on South Main street tomorrow at 2:30 p.m. The couple will reside in Los Angeles.

F. H. Coker, A. A. Barker and Charles F. Lord have gone to Sacramento to attend the Democratic State Convention as delegates from the Sixty-eighth Assembly District.

David Myers and J. Whyte appeared before Recorder Barnes this morning and pleaded guilty to the charge of disturbing the peace. They were each fined \$10, which was paid.

Leroy H. Cleville was unexpectedly called to his duties in the First National Bank of Los Angeles today before finishing his vacation here.

Messrs. Brown and Jordan of the Pomona and Ontario Light and Fuel Companies, were here from Los Angeles today.

Mrs. Joseph Mullen and daughter, Lola, are visiting friends at La Mirada for a week.

SANTA MONICA. PROPERTY INCREASE. SANTA MONICA, Sept. 2.—City Clerk Hemmingsway has completed the footing of the assessment roll with the exception of the special assessment of the Southern Pacific, which rate is furnished by the State Board of Equalization. Land valuations are \$1,249,907, and the improvements amount to \$245,000; personal property, \$117,777; deductions, \$400,000, making a total valuation of \$2,144,684, with a total increase for the year of \$123,564, exclusive of the Southern Pacific valuations. It is mere conjecture as to what the bonded indebtedness will require \$30 per \$100 valuation; and it is thought the library will ask for \$5. The people have voted \$10 for the improvement of the Ocean Park wharf. Last year the general fund had \$100,000. Considering the condition of the finances of the town the people seem pleased with the Assessor's work.

The annual subscription ball of the Southern California polo club, which will be given at the Casino next Tuesday evening, is to be one of the smartest functions ever given by the club, and a fancy dress affair. A number of very pretty costumes have been designed for the occasion. Among the ladies on the Committee of Arrangements are Mrs. H. A. Winslow, Mrs. W. H. Young and Mrs. G. L. Waring.

**FINISHED WHITE DEAD AT HIS POMONA HOME.**

Came Around the Horn Fifty-three Years Ago and Was First Extensive Deciduous-fruit Grover—His Love for Flowers.

POMONA, Sept. 2.—After an illness of two weeks' duration Caleb Edwin White, a California pioneer, and one of the oldest and best-known residents of Pomona, passed peacefully away at his home in the Pomona Vineyard tract tonight at 3:30 o'clock. The cause of death was dropsy. For the past two days he had been rapidly failing, and the end was not unexpected.

Mr. White came to California in 1849, around Cape Horn, and was engaged by himself and a party of friends, from Massachusetts. He was an expert horticulturist, and the first man to engage extensively in the propagation of deciduous fruits on the American River, importing his nursery stock from New England in the early fifties. Later he was engaged in stock raising, and in 1871 came with large droves of sheep to Southern California, obtaining 300 acres of land in the vicinity of Pomona.

Before Pomona became a town, White settled here, and was prominently identified with the development of the valley, being the owner of valuable orange acreage and other property. White avenue was named after him, and he is well known as a horticulturist in Los Angeles and San Bernardino counties. His great love for flowers led him to maintain one of the best private conservatories of rare plants in this section. The deceased was a member of the Society of California Pioneers, and of Pomona Lodge, F. and A. M.

He leaves behind him a son, Harry White, and two daughters, Mrs. Charles L. Northcraft and Mrs. F. del Valle, all of whom were at his bedside when the deceased occurred.

ODD FELLOWS PROSPER. The stockholders of the Odd Fellows Hall Association held their annual meeting last night. Reports submitted showed a very satisfactory condition. The directors selected are: T. Currier, president; J. B. Garfield, vice-president; J. B. Garfield, secretary and manager, and J. A. Steff, treasurer.

POMONA BREVIETTES. J. R. Downs, who has been commercial agent for the Southern Pacific Company, for the Pomona district for a year, will leave tomorrow for Redlands, where he will become agent for the Southern Pacific. C. H. Eaton, who resigns his position after long service, Mr. Downs will be succeeded by G. L. Davis, who comes from recent employment with the Santa Fe.

Tyler Bros., the local orchardists, have invented a new method of folding hip pocket, tree-pruning saw that is finding a ready market on account of its many practical advantages over the common tree-pruning saw.

Miss Maud Andrews and Herbert Heston will be married at the home of the bride's parents on South Main street tomorrow at 2:30 p.m. The couple will reside in Los Angeles.

F. H. Coker, A. A. Barker and Charles F. Lord have gone to Sacramento to attend the Democratic State Convention as delegates from the Sixty-eighth Assembly District.

David Myers and J. Whyte appeared before Recorder Barnes this morning and pleaded guilty to the charge of disturbing the peace. They were each fined \$10, which was paid.

Leroy H. Cleville was unexpectedly called to his duties in the First National Bank of Los Angeles today before finishing his vacation here.

Messrs. Brown and Jordan of the Pomona and Ontario Light and Fuel Companies, were here from Los Angeles today.

Mrs. Joseph Mullen and daughter, Lola, are visiting friends at La Mirada for a week.

SANTA MONICA. PROPERTY INCREASE. SANTA MONICA, Sept. 2.—City Clerk Hemmingsway has completed the footing of the assessment roll with the exception of the special assessment of the Southern Pacific, which rate is furnished by the State Board of Equalization. Land valuations are \$1,249,907, and the improvements amount to \$245,000; personal property, \$117,777; deductions, \$400,000, making a total valuation of \$2,144,684, with a total increase for the year of \$123,564, exclusive of the Southern Pacific valuations. It is mere conjecture as to what the bonded indebtedness will require \$30 per \$100 valuation; and it is thought the library will ask for \$5. The people have voted \$10 for the improvement of the Ocean Park wharf. Last year the general fund had \$100,000. Considering the condition of the finances of the town the people seem pleased with the Assessor's work.

The annual subscription ball of the Southern California polo club, which will be given at the Casino next Tuesday evening, is to be one of the smartest functions ever given by the club, and a fancy dress affair. A number of very pretty costumes have been designed for the occasion. Among the ladies on the Committee of Arrangements are Mrs. H. A. Winslow, Mrs. W. H. Young and Mrs. G. L. Waring.
